Rakps Innovations Pvt. Ltd.

Jun '14 — Jul '16

Software Engineer

Ahmedabad, India

Core PHP

- Experience in services-based programming with Managing databases, Complex programming using Core PHP.
- Designed and built business websites using PHP, MySQL, HTML, and CSS.
- Managed code deployment using cPanel and FTP.

ACADEMIC

Master in Computer Application, RK University (GPA: 7.23 (68.07%))

Aug '11 — May '14
Rajkot, India

Bachelor in Computer Application, Saurashtra University (GPA: 64.67%)

Jun '08 — Jul '11
Porbandar, India

H.S.C in GHSEB (GPA: 57.68%)

Apr '07 — Mar '08
Porbandar, India

PROJECTS

Distribution Management System For Alcohol And Beverage Industry

- **Project Overview:** This project is designed to effectively handle sales, invoices, dis- tributions, and accounts while generating a variety of reports. The integration with NetSuite ensures bidirectional data synchronization with the project database. The project encompasses multiple products and domains tailored to different user types and specific use cases:
- **Navigator:** Facilitating distributors, Navigator allows the placement of diverse orders, including Purchase orders, Sales orders, or Transfer orders. Users can also access a range of reports displaying data related to sales, purchases, inventory, bills, invoices, and shipments.
- **Cockpit:** This component empowers internal users (administrators) within the company to manage clients, users, permissions, and other administrative tasks.
- **Marketplace & DTC:** Catering to end users, this module enables direct product purchases from the company.
- **Warehouse Portal:** Serving as a solution for Logistics Solutions, a prominent warehousing and transportation provider for alcoholic beverage companies, the Warehouse Portal manages the storage and distribution of alcoholic beverages. This includes temperature-controlled storage and Customs bonded storage areas, along with features for logistics management, delivery management, purchase order management, and booking management.
- **Mobile Accessibility:** The project is accessible on both iOS and Android mobile devices, providing users with convenient on-the-go access.
- **Technology:** PHP, Laravel, Lumen, Symfony components, MySQL, Angular, Node.js, NetSuite, AWS.
- **Team Size:** 80

Township Management System (Common Area Booking, Maintenance Req. & Payment)

- This is a service-based web and mobile application. There are many features, like booking the common area for specific activities such as birthday parties, yoga classes, annual gatherings, etc.
- This application also had a way to request maintenance services (i.e., appliance services, home cleaning, etc.) and then pay for them using payment gateways.
- I have analysed requirements and used systematic approaches to implement and document the tasks, and provided technical support to organization members with website application issues.
- **Technology:** PHP, MySQL, Yii2 Framework, jQuery, Payment Gateway.
- **Team Size:** 5

Printing System (Product Module)

- This product has many features, with the major feature being card designing and then the product (here the card) customization, and then payment. I have implemented code based on project specifications.
- **Technology:** Core PHP, MySQL, jQuery, Payment Gateway
- **Team Size:** 5

Social Media Platform

- This product features like comment, follow, post, comment, chat and real-time post showing. I have developed a cross-platform activity feed client for the social software product, implemented system security and data assurance software.
- **Technology:** Core PHP, MySQL, jQuery, AJAX, HTML, CSS
- **Team Size:** 3

SKILLS

Development: PHP, Node JS, Yii2, AJAX, JQuery, Bootstrap, HTML5, CSS, SCSS, Web Service, SVN, GIT, AWS SAM CLI, AWS S3, SonarQube, PDO, Stored Procedures, AWS Lambda

Databases: MySQL, MySQLI, Amazon DynamoDB, MongoDB

Project Execution: Agile, Waterfall

Engineering Practices: Continuous Integration & Development, Code Review, Code Versioning, Code Refactor

Interests: Explore New Place, Listen Music, Tech Exploration

Language: English, Hindi, Gujarati
