SUMMARY

A passionate Frontend Developer with a B.Tech in Computer Engineering from Silver Oak University, Ahmedabad, and 1 year of hands-on experience during college building responsive web applications using HTML, CSS, JavaScript, and ReactJS to creating user-friendly interfaces, integrating APIs, and using Git for version control. Eager to contribute to a dynamic development team and grow in the field of modern frontend development.

SKILLS

Languages: HTML, CSS3, JavaScript, TypeScript

Framework & Library : React.JS, Node.JS, Express.js, Tailwind CSS, Bootstrap

Tools : VS Code, Git & GitHub, NPM

Soft Skills : Teamwork, Collaboration, Problem – Solving

PROJECTS

WordPad Web App

Feb 2025

Built a fully responsive, dark-themed, multi-tabbed text editor using HTML, CSS, and JavaScript. The app supports dynamic tab management for seamless multi-document editing, rich text formatting (bold, italic, underline, text alignment), and file operations like importing .txt files, saving text, and exporting content as PDF. Focused on accessibility and user experience with smooth transitions, interactive toolbars, and an intuitive UI.

Country World Atlas

Mar 2025

Developed a fully responsive single-page application using React.js to explore global country data via a public REST API. Implemented client-side routing with React Router for smooth navigation between multiple pages (Home, About, Countries, Contact) and dynamic routes (/country/:id) to display detailed information like population, region, capital, and flag. Designed a modular UI with reusable React components and clean CSS, while improving user experience through custom 404 pages and graceful error handling.

Text Highlighter Chrome Extension

Apr 2025

Developed a Chrome extension that allows users to highlight and save selected text from any website so they can refer to it later. The extension uses browser storage to keep the highlights saved, even after the browser is closed or the page is refreshed. I focused on creating a clean and user-friendly interface that makes it easy to highlight text, view saved highlights, and manage them efficiently.

INTERNSHIP

Jan 2025 - May 2025

ETECH Energy Consultancy Pvt. Ltd.

Worked as a Frontend Developer Intern, gaining hands-on experience in HTML, CSS, JavaScript, React.js, and Node.js through structured training and real-world projects. Developed responsive web interfaces using Material UI and integrated REST APIs to enhance application functionality. Collaborated with experienced mentors to follow clean code practices and streamline the design-to-development process.

EDUCATION

B.Tech In Computer Engineering 2021-2025

Silver Oak University, Ahmedabad (8.56 CGPA)

Higher Secondary School

2019-2021
