PROFILE

I am a passionate Software Developer with 1 year of hands-on experience in building and maintaining web applications. I have a strong understanding of modern development practices and stay up-to-date with the latest industry trends and technologies. I take pride in writing clean, efficient code and in my ability to debug and solve complex technical challenges. I am highly organized, detail-oriented, and have strong problem-solving and communication skills. I enjoy collaborating with teams to deliver high-quality software solutions that meet user needs and business goals.
