SUMMARY

I am a qualified and professional web developer with strong creative, analytical, and problem-solving skills, as well as a passion for learning new technologies. I have successfully completed my Bachelor of Computer Applications (BCA) and have built a solid foundation in web development through academic projects and self-learning. As a fresher, I bring enthusiasm, adaptability, and a strong willingness to grow in a dynamic work environment. I am eager to contribute my skills to real-world projects and continue evolving as a developer.

EDUCATION

Higher Secondary School

Sardar Patel Vidhyalay, Ahmedabad

BCA(Bachelor of Computer Applications)

Navgujrat BCA College, Gandhinagar
2022 - 2025

SKILLS

HTML

CSS

JavaScript

React.js

Node.js

MongoDb

MySQL

Web Design

Problem-Solving

PROJECT

E-Drive — New & Pre-Owned Electric Vehicle Buy & Sell Platform

- Developed a full-stack MERN (MongoDB, Express.js, React.js, Node.js) web application as a digital marketplace for buying and selling new and used electric vehicles. Implemented a responsive UI with sticky navbar, carousel banners, and featured vehicle listings.
- Built an admin panel for managing users, vehicles, orders, and notifications with role-based access control and real-time analytics dashboards. Integrated secure authentication and session management.
- Implemented dynamic search and filters, vehicle inspection scheduling, dealer location mapping via Google Maps API, and customer review/rating systems. Enabled sellers to manage listings and buyers to search, compare, and contact sellers efficiently. Optimized backend APIs and responsive frontend design using Bootstrap and Tailwind CSS.
