SUMMARY

Front-End Developer with 2 years of experience in crafting user-centric web interfaces using modern front-end technologies like React.js, JavaScript, HTML5, and CSS3. Strong background in modular architecture and clean UI design. Proficient in creating reusable UI components, optimizing performance, integrating APIs, and ensuring cross-browser compatibility. Adept at collaborating in Agile teams to deliver maintainable, scalable solutions.

Experience

Devsthought solutions - React Js Developer

May 2024 - Present

- Built modular UI components to streamline development and ensure reducing development time by 30%.
- Enhanced application performance by optimizing database queries and API endpoints; this ensured consistent data delivery, resulting in a 25% decrease in user-reported data lag issues.
- Optimized performance by reducing unnecessary re-renders and implementing memoization.
- Participated in code reviews to ensure code quality, readability, and adherence to best practices.
- Ensured clean code using custom hooks, ESLint, and adherence to front-end best practices.

Taskcraft technologies LLP - Jr. Software Developer

Aug 2023-May 2024

- Designed and implemented mobile-first, responsive UIs using HTML5, CSS3 ,Flexbox/Grid.
- Integrated JWT-based user authentication for a secure, role-based access control system
- Used Git and JIRA for version control and agile project management.
- Collaborated with designers to convert Figma designs into interactive UI components with 100% pixel accuracy.
- Enhanced performance and state handling using Context API and component-level optimization.

Projects

Swtich Invoice Portal

- Built an intuitive invoice upload and review system with validation for file naming conventions.
- Developed user interfaces for approval workflows and inline document viewing using React-PDF
- Focused on user accessibility and error-handling for seamless document management

Kent Automotive

- Created responsive and interactive UI for a multi-category product portal
- Implemented product listing, cart, and checkout features with RESTful API integration.
- Used Tailwind CSS and Material UI to design consistent, mobile-optimized layouts.

Technical Skills

Languages - JavaScript (ES6+), TypeScript, HTML5, CSS3, Core Java

Frameworks and Libraries - React.js, Redux, Context API, Material UI, Tailwind CSS.

Tools - Git, GitHub, JIRA, Visual Studio Code, Chrome DevTools, Postman, Thunder Client

APIs - RESTful APIs, GraphQL, Shopify APIs

Education

Rajiv Gandhi Proudtyogiki Vishwavidyalaya ,Bhopal

Bachelor of Technology, Computer Science and Engineering

July 2019 - may 2023

Cumulative CGPA:8.69/10.0

Disha Deep public Higher Secondary School,Bhopal

12th Board

April 2018 - April 2019

87.8 %
