SUMMARY

Experienced Node.js Developer with 3 years of hands-on expertise in designing, developing, and maintaining robust backend applications. Proficient in creating RESTful APIs using Node.js and Express.js, with a strong foundation in database design and management (MySQL). Skilled in integrating third-party services including S3, Socket.io, Agora Live Stream, various payment gateways (CometChat, MTN, Orange, Ecobank, GT Bank, Stripe, Twillo), and SMS gateways.

Experience

Jr. Software Engineer

Hyperlink InfoSystem, Ahmedabad

Jully 2022 - Present

- Worked successfully on a project using Node js with MySQL and Codeigniter.
- Successfully completed a project involving Live Streaming and Video call using Agora REST APIS into Node js and Codeigniter.
- Started with maintenance and bug fixes, gaining a deep understanding of the project structure and interlinks services
- Faced challenges of working with legacy code and deprecated libraries, quickly adapting and providing timely fixes.

Software Engineer Intern

Hyperlink InfoSystem, Ahmedabad

Jan 2022 - Jul 2022

- Gained in-depth expertise in Node.js and Codeigniter.
- Implemented features, fixed bugs, and integrated APIs to deliver high-quality results.
- Developed strong collaborative skills through effective communication, teamwork, and collaboration with other team members.
