SUMMARY

Innovative Frontend Developer with expertise in React.js, Next.js, and Redux. Skilled in building interactive and responsive web applications, optimizing performance, and ensuring seamless user experiences. Experienced in database management (MongoDB), version control (Git, GitHub), and scalable application development using Node.js and Express.js. Passionate about crafting modern UI components, integrating APIs, and enhancing frontend architectures. Strong problem-solving skills with a detail-oriented and research-driven approach, dedicated to delivering high-quality digital solutions.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, SASS, Tailwind CSS, Bootstrap, JavaScript, React.js, Next.js,
- **Backend:** Node.js, Express.js, Redux
- **Database:** MongoDB, Prism, PostgreSQL
- **Version Control:** Git, GitHub

PROFESSIONAL EXPERIENCE

Frontend Developer | Compatible Solution (Jan 2024 - July 2025)

- Built and maintained full stack web applications using React.js, Node.js, and MongoDB Improved frontend performance and state handling with Redux
- Developed secure, scalable APIs using Express.js
- Ensured smooth frontend-backend integration through team collaboration
- Used Git and GitHub for version control and project coordination

KEY PROJECTS

Inventory Management System:

- Designed and developed a web-based inventory tracking system using React.js and MongoDB, ensuring efficient stock management.

Perfume Store E-Commerce:

- Created an online perfume store using Next.js, integrating secure payment processing with Stripe for seamless transactions.
- Integrated Stripe payment gateway for secure transactions and checkout.
- Designed a wishlist & cart system, improving customer engagement.

Skilled Frontend Showcase:

- Developed an interactive platform demonstrating advanced frontend UI designs, animations, and responsive layouts in React.js.
- Implemented smooth animations and transitions using Framer Motion.

INTERNSHIPS & TRAINING

Frontend Development Intern | Compatible Solution (6month)

- Designed and implemented a career-focused web platform using React.js and modern UI frameworks.

Web Development Intern | Creart Solution (15 Days)

- Developed a Django-based web application for managing notices, streamlining institutional communication.

UI/UX & Web Design Trainee | Way to Web (1 Week)

- Trained in UI/UX principles, wireframing, and responsive design using Bootstrap.
-

ACADEMIC HISTORY

Shree Swaminarayan Institute of Technology | 2020-2024

Bachelor's in Computer Engineering | CGPA: 7.28

CERTIFICATIONS & ACHIEVEMENTS

- **SAP UX Certification:** Completed the "Get Started with UX" course by Code Unnati. <https://www.credly.com/go/D8SOo2bA>
- **Marathon Project:** Built a machine learning-based tuberculosis detection system within SAP, utilizing deep learning techniques.
- **UI/UX Design Course:** Certified in UI/UX web design and Bootstrap training at Way to Web.
- **Python & Django Development:** Successfully completed an internship in Python with Django at Creart Solution.
