SUMMARY

Full Stack Developer with 2+ years of experience in building scalable web applications using React.js, Node.js, JavaScript, HTML, and CSS. Skilled in integrating REST APIs and collaborating with cross-functional teams to deliver robust software solutions. **Passionate about CI/CD, infrastructure automation, and cloud-native technologies**, with hands-on exposure to tools like Docker, Jenkins, and Terraform.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, CSS, HTML, Linux

Libraries and Frameworks: React Js, Node Js, Express Js

Databases: Mysql, MongoDB

Cloud & DevOps: AWS(Amazon web services), kubernetes, Jenkins, Terraform, Docker, Ansible, Azure

Other: Git, Automation-testing

WORK EXPERIENCE

Associate | Capco Technologies Private Limited

JUN 2022 - SEP 2024

- **Built** responsive web apps using ReactJS, JavaScript, and TypeScript for cross-device compatibility.
 - **Developed** RESTful APIs with Node.js and Express; integrated MySQL/MongoDB with auth features.
 - **Collaborated** with UI/UX teams and clients to deliver scalable, reusable components.
 - **Created** a UI testing framework using React and TypeScript to simplify end-user testing.
 - **Implemented** CI/CD pipelines via Azure DevOps and Jenkins for automated deployments.
 - **Used** Docker, Kubernetes, Git, Ansible, and Terraform to deploy cloud infrastructure on AWS.
-

EDUCATION

Full-Stack Development

Masai School, Bangalore

JUL 2021 - MAR 2022

Bachelors of Engineering (Mechanical)

Technocrats Institute of Technology (Excellence) , Bhopal

SEP 2015 - JUN 2019

CERTIFICATIONS
