PROFILE

Dedicated and detail-oriented React.js developer with one year of professional experience in building responsive, dynamic web applications. Proficient in JavaScript, React.js, and front-end frameworks. Looking to contribute to a collaborative team to create impactful and user-friendly digital solutions.

WORK EXPERIENCE

Junior Front-End Developer

[Optical Arc Pvt Ltd], [Kharadi, Pune, Maharashtra] | [Feb/2024] – Present

- Developed and maintained dynamic single-page applications (SPA) using React.js and Redux for state management.
- Optimized application load times by 20% through code refactoring and performance tuning.
- Integrated RESTful APIs to fetch and display data efficiently, improving data interaction speed by 15%.
- Participated in code reviews, debugging, and testing processes to ensure high-quality software delivery.

PROJECTS

AI Chat Application

- **Description:** Built an advanced conversational AI application similar to ChatGPT, enabling users to receive intelligent and context-aware responses. Used Google Studio API for real time data fetching.
- **Tech Stack:** React.js, REST API, Context API, Material-UI
- **Key Contributions:** Integrated AI-powered natural language processing; implemented real-time chat functionality with seamless UI design.
