- ♦ **Address :** Ahmedabad, India

### Summary

Quality Assurance Engineer with over 2 years of experience in software testing across web and mobile applications (iOS & Android). Proficient in functional, regression, smoke, sanity, compatibility, usability, UI, end-to-end, load, and non-functional testing, with foundational knowledge in web automation. Skilled in creating detailed test plans, designing test cases, executing test cycles, and managing defects using tools like Mantis and JMeter. Strong understanding of SDLC and STLC, with a proven ability to identify critical issues, enhance user experience, and deliver high-quality software by collaborating effectively with cross-functional teams. Known for attention to detail, analytical thinking, and a commitment to excellence.

### Skills

- ♦ **Software Testing :** Manual Testing (Functional, Non - Functional, Regression, Smoke, Sanity, Compatibility, End to end, Exploratory, Ad-hoc, boundary value, Negative, Localization and Globalization, Usability, UI, Load, Recovery, Installation, Monkey testings), Foundational Knowledge in Web Automation.
- ♦ **Performance Testing :** JMeter
- ♦ **Bug Tracking Tools :** Mantis Bug Tracker
- ♦ **Operating Systems :** Windows and macOS
- ♦ **Collaboration & Documentation Tools :** Google Sheets, Google Docs
- ♦ **Office Suite :** MS Word, MS Excel, WPS Office
- ♦ **Automation Tools :** Cypress (Foundational Knowledge)
- ♦ **Script Editor :** Visual Studio Code (VS Code)
- ♦ **AI Tools :** ChatGPT for test case generation and automation assistance

### Work Experience

#### Quality Assurance Engineer

NicheTech Computer Solutions Pvt. Ltd. - Ahmedabad, India

March 2022 to October 2024

- Participated in **requirement-gathering** and **project planning meetings**, ensuring a clear understanding of client expectations and project scope.
- Designed and executed comprehensive test cases for web and mobile applications, ensuring adherence to quality standards.
- Performed various testing methodologies, including **functional, regression, smoke, sanity, exploratory, compatibility, and non-functional testing**, to identify and resolve critical issues.
- Conducted **performance and load testing** using **JMeter**, providing actionable insights to optimize system performance.

- Collaborated closely with design, development, and product teams to ensure seamless communication and enhanced product quality.
- Managed **defect life cycles** using **Mantis Bug Tracker**, documented detailed test results, and ensured timely project deliverables.
- Wrote and maintained **test cases** based on project requirements and user stories, ensuring comprehensive test coverage.
- Conducted **exploratory testing** to identify issues beyond scripted test cases and performed **regression testing** to validate new features and maintain functionality.
- Performed comprehensive testing across multiple platforms, including websites, mobile apps (Android & iOS), e-commerce websites, static and dynamic sites, and admin web portals, ensuring functionality, usability, and performance.
- Monitored testing progress, tracked defects, and maintained up-to-date **test documentation** across project releases.
- Provided feedback during **QA meetings** and contributed to process improvements for enhanced efficiency.
- Progressed from a **QA Trainee** to a **Junior QA Engineer**, showcasing consistent growth and skill enhancement.

## Education Qualification

- **Bachelor's of Engineering (BE)** : B.H. Gardi College of Engineering & Technology, Rajkot, Gujarat Technological University (2018 - 2022).
- **Higher Secondary Certificate (HSC)** : Science Group - A, Shree Mati Champaben Sukhlal Gadani Highschool, Ranpur (2018).
- **Secondary School Certificate (SSC)** : Shree Mati Champaben Sukhlal Gadani School, Ranpur (2016).
