PROFILE SUMMARY

Dynamic software developer with over 1.7 years of experience in full-stack, and cloud development. Proficient in modern frameworks and technologies, with a strong background in designing, implementing, and managing web applications. Adept at Agile methodologies, collaborative project management.

TECHNICAL SKILLS

Languages	:	C, JavaScript, Java, PHP, HTML5, CSS3
Frameworks	:	React, NextJS, Express JS, Bootstrap5, Material UI, React Router, ExpressJS, CodeIgniter
Libraries	:	ReactJS, NodeJS, Tailwind CSS
Databases	:	MongoDB, MySQL, Firebase, MS-SQL
Dev Tools	:	Visual Studio Code, Git, Postman, Xcode
GCP Services	:	Compute Engine, App Engine, Cloud Storage, BigQuery, IAM, Cloud Scheduler, Identity and Access Management (IAM)

PROFESSIONAL EXPERIENCE

Associate Software Engineer

Electromotion e-Vidyut Vehicles Private Limited, Pune, Maharashtra, India

Dec '2024 - Present

- **Full-Stack Development:** Implemented comprehensive solutions using ReactJS, Node.js, and Firebase. Built RESTful APIs, managed state with Redux, and optimized database operations using MongoDB.
- **Reusable Component Design:** Created reusable UI components using Flutter and ReactJS, ensuring consistency across applications.
- **Cross-Functional Collaboration:** Worked closely with designers, engineers, founders, and product managers to translate wireframes and designs into functional applications.
- **Mentorship & Code Reviews:** Provided technical mentorship to junior developers, conducted rigorous code reviews, and maintained high development standards.

Java Full-stack Training

Jspiders Software Training & Testing Institute Bengaluru, India

May '2024 - Oct '2024

- **Collaborative Development:** Developed a scalable web application using Java, JSP, JDBC, and MySQL, ensuring robust backend functionality.

- **Front-End Infrastructure Development:** Built reusable design systems and libraries to improve scalability.
- **Performance Reporting:** Created detailed reports for directors and state leads, enhancing team performance insights.
- **Operational Support:** Implemented real-time data synchronization, user authentication, and RESTful APIs to enhance security and system efficiency.

Frontend Developer Intern

Shreshthana IT Solutions

December '2022 - May '2023

- **Web Application Development:** Designed and implemented reusable front-end components using ReactJS.
- **Cross-Functional Teamwork:** Collaborated with designers, engineers, and product managers to enhance project outcomes.
- **Infrastructure Development:** Built core front-end libraries, conducted code reviews, and mentored junior team members.
- **Technology Stack:** Worked with ReactJS, Redux, JIRA, ReactStrap, Material UI.

Full Stack Development - Intern

Epoiner Consultancy Services, Ranchi, Jharkhand India

October '2021 - November '2022

- **Component Development:** Designed reusable front-end components for web applications.
- **Team Collaboration:** Translated wireframes into high-quality applications in collaboration with designers and product managers.
- **Infrastructure Development:** Assisted in building core application infrastructure and conducted code reviews.
- **Technology Stack:** Worked with React Js, PHP, Tailwind Css, Material UI, Sql.

EDUCATION

Cambridge Institute of Technology, Ranchi, Jharkhand, India
Bachelor of Technology in Computer Science & Engineering
August '2020 - June '2024

ACHIEVEMENTS

- Winner, Google Code Vipassana(Project Saadhna Cycle 2) , Google Developer Groups 2023.
