EDUCATION

Gujarat University, Ahmedabad

BCA. in Computer Application (81.57% till 5th SEM)

Sep. 2022 – April. 2025

Ahmedabad, Gujarat

TECHNICAL SKILLS

Languages: Proficient in C and C++, Javascript, HTML, CSS, Java and Typescript.

Libraries/Frameworks : Reactjs, Expressjs, Nodejs, Tailwind, Nextjs.

Cloud/Databases : MongoDB, Relational Database(MySQL), Postgresql.

Dev Tools: VScode, Git, Github, Docker.

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Computer Networking, Database Management System.

Soft Skills: Strong analytical abilities, dedicated to self-learning

PERSONAL PROJECTS

Formify: | Next JS, Tailwind CSS, Typescript, Postgresql, Shadcn-UI 

- Developed a dynamic form-building application that allows users to create, save, and publish custom forms through an intuitive drag-and-drop interface.
- Integrated advanced analytics to track form performance, including total visits, submissions, submission rate, and bounce rate for both individual and user-created forms.
- Utilized Clerk for seamless user authentication and PostgreSQL for robust data storage, enabling user-specific data handling and form submissions.

SkillIQ: Online learning System | JavaScript, Tailwind CSS, React JS, Firebase, ExpressJS, MongoDB, WebRTC. 

- Built an intuitive and responsive interface using React and Tailwind CSS, ensuring a seamless user experience across devices.
- Integrated WebRTC for real-time video calls, enabling live interactions between students and instructors for personalized learning.
- Implemented Socket.io for instant messaging and live Q&A sessions, fostering interactive discussions and engagement.
- Designed a secure backend with Node.js, Express, and MongoDB for efficient course management, student enrollment, and progress tracking.

Crypto.ch: | React JS, Tailwind CSS, Javascript, ExpressJS 

- Developed a web application that provides rankings and in-depth information on 100+ diverse digital assets, empowering users to make informed investment decisions in the crypto market.
- Integrated 10+ REST APIs for real-time data management, enabling efficient communication and enhancing overall usability.
- Implemented real-time price for all listed assets, ensuring users have up-to-date market insights.

EXPERIENCE

Aimbrill TechInfo | MERN Stack Developer

March 2025 – Present

- Contributed to the development of Destinova AI, an intelligent chatbot and business automation platform, focusing on React-based UI, API integration, and real-time features.
- Built and maintained core features of the Funky Food application, including dynamic menus, user management, and order processing using the MERN stack.

Rao Information Tech | MERN Stack Developer

April 2024 – July 2024

- Gained hands-on experience with HTML, CSS, Bootstrap, JavaScript, React, Git, and GitHub.
- Demonstrated sincerity, dedication, and a results-oriented approach to assigned tasks.
- Collaborated effectively as a team member throughout the internship.

ACHIEVEMENTS

- Solved **750+ problems** across various platforms including LeetCode and Codeforces.
- Achieved a **maximum rating of 1693** on **LeetCode**, ranking among the top users globally.
- Earned the **Pupil** title on **Codeforces** with a **maximum rating of 1201**.
- Secured an **official rank of 2230** in **Codeforces Round 937**.
