 - Key Deliverables:
 - ✓ ChatGPT integration with real-time streaming
 - ✓ Facial emotion analysis with data visualization
 - ✓ Interactive Sunburst charts
 - ✓ Hotjar analytics integration
 - ✓ Dynamic quiz systems
 - ✓ Virtual job fair platform
-

PROJECTS

1. CareerConnect—Integrated Career Guidance & Recruitment Platform

- Developed an integrated platform for **career guidance, recruitment, and institutional progress tracking**.
- Implemented features for **personalized career recommendations** using user interests, skills, and personality traits.
- Enabled **recruiters to post jobs and users to apply**, while providing schools and colleges with tools for **analytics and student progress monitoring**.

2. JusticeTrack—Criminal Case Management System

- Contributed to a leading **case management platform** that streamlines workflows for prosecutors and district attorney offices, enhancing speed, efficiency, and cost-effectiveness.
- Implemented **seamless integrations** with law enforcement, court systems, calendars, and email tools to enable smooth information sharing and eliminate redundancies.

3.AutoReserve—Online Car Sales & Delivery Platform

- Built a **car e-commerce platform** allowing users to **browse, reserve, and order vehicles** directly from the website.
- Implemented features for **home delivery scheduling** and streamlined the end-to-end **car purchase experience online**.

3.StaffTrack – Role-Based Staff Management & Attendance System

- Developed a **role-based staff management system** with features for **punch in/out, leave tracking**, and real-time **dashboard insights**.
- Enabled admins to **monitor user activity**, including login details and site visits, ensuring transparency and operational oversight.

EDUCATION

Bachelor of Engineering in Information & Communication Technology

Gujarat Technological University, Ahmedabad | GPA: 9.08
