

GAURAV R. GANGURDE

QA Engineer

+91 9763100962 Vadodara, Gujrat <https://www.linkedin.com/in/gaurav-gangurde/> gauravgangurde7699@gmail.com

SUMMARY

Dedicated QA Engineer with experience in manual testing for product-based applications. Skilled in test case design, execution, and defect tracking, ensuring software quality and reliability. Adept at functional, regression, integration, Automation, Performance and database testing, collaborating with cross-functional teams to identify and resolve issues effectively. Committed to delivering high-quality products by implementing efficient testing strategies and adhering to industry best practices.

SKILLS

- Testing Types :- Functional, Regression, Smoke, Integration, System, E2E , Automation, Globalization, Database testing, Performance Testing
- Tools: - Selenium, JIRA, TestNG, SQL Developer, Apache-Jmeter
- Test Management: Test Case Design, Test Case Execution, Defect Reporting, and Test Documentation
- Languages:- SQL, Java (Basic)
- Bug Tracking: JIRA
- Databases:- SQL Oracle
- Development Methodologies: Agile, Scrum, Scrumban

WORK EXPERIENCE

TIX Ecosystems Private Limited - Software QA Engineer

FEB 2024-PRESENT

Project :- T(u)LIP- Tntra(u) Life-long-learning & Innovation Platform

Description:

T(u)LIP is a lifelong learning and innovation platform that empowers individuals and organizations through personalized learning paths, mentorship, certifications, and secure collaboration. It supports academies, enterprises, and incubators in their educational, innovative, and entrepreneurial efforts, fostering sustainable innovation and intellectual property (IP) creation.

Roles and Responsibilities:

- Established the QA process from scratch, implementing structured manual testing methodologies, including Functional, Regression, Integration, UI, Globalization, Compatibility, Ad hoc, and End-to-End Testing for web applications.
- Performed database and performance testing to ensure data integrity, optimize query efficiency, and enhance overall system reliability.
- Designed, created, and maintained detailed test cases, documented defects in JIRA, and collaborated with developers for timely resolution, enhancing product quality.
- Contributed to test planning and strategy definition, aligning testing efforts with project goals while providing valuable product improvement suggestions.
- Collaborated with cross-functional teams in an Agile environment, actively participating in sprint planning, daily stand-ups, and review meetings to ensure continuous quality improvement.

EDUCATION

ADVANCED DIPLOMA IN INDUSTRIAL SAFETY

MSBTE University | Percentage : 65 | 2021- 2022

BACHELOR OF ELECTRICAL ENGINEERING

SPPU Pune University | CGPA : 7.11 | 2018-2021

COURSE CERTIFICATION

SOFTWARE TESTING CERTIFICATION

Qspiders Training Institute | 2023- 2024
