OBJECTIVE

7+ years experienced website development professional armed with an undergraduate degree in computer engineering. Adhering to their requirements as part of planning, designing, and delivering WordPress website development projects within time and budget. Collaborating with the team to design websites and identifying & troubleshooting defects.

EXPERIENCE

01/12/2024 - Current
Employer

- **Page Builder**

Seahawk Media

- A keen eye for ensuring design consistency, accurate layout implementation, and user-friendly interfaces.
- Received Client Call.
- Created fully responsive layouts using CSS Grid and WordPress builders such as Divi, Elementor, Gutenberg, Beaver, and Bricks, ensuring web pages adapt smoothly across all screen sizes and devices.
- Design-to-WordPress Conversion: Ability to convert design mockups into HTML/CSS templates, then integrate them into WordPress themes.
- Optimize WordPress websites for performance and scalability.
- Adobe XD / Figma: Experience in using design tools to collaborate with UI/UX designers and convert designs into functional WordPress themes.
- Designed and customized LearnDash course pages, lessons, quiz, assignment and dashboards using HTML, CSS, JavaScript.
- Implemented responsive UI layouts for LearnDash course listings, progress pages, and quiz interfaces.
- Integrated LearnDash LMS features into custom WordPress themes and page builders (Elementor / Divi / Gutenberg).
- Used LearnDash shortcodes to display course lists, lesson progress, quizzes, and conditional content.

- Implemented front-end login, registration, and dashboard pages for LearnDash users.
- Customized LearnDash shortcodes to create dynamic front-end sections like user progress bars, enrolled course lists, and certificates.
- Integrated MemberPress with LearnDash to control course access via memberships.
- Customized MemberPress login, forget password, registration, account, and checkout pages using HTML, CSS, JavaScript, and theme overrides.
- Customized checkout experience with WooCommerce/Stripe/PayPal integration styling.
- Configured MemberPress rules to manage content restriction, membership levels, and access conditions.
- Created reusable UI components for MemberPress pages using custom CSS frameworks or page builders (Elementor, Divi, Gutenberg).
- Designed user-friendly membership dashboards with improved UI/UX and responsive layouts.
- Styled MemberPress forms and gated content pages to match brand identity and theme design.
