

Margee Vaghela

An MCA student with strong understanding of programming language like (C, C++, Java, Python, DBMS). I have advanced my skills from my current academic studies such as Data structures and algorithm. I am able to write clean and reusable code and solving practical problems using OOP concepts. I am looking for an **internship opportunity** where I can apply my academic knowledge to real-world environment. Always eager to learn more, improve my skills and contribute positively to team or project.

PERSONAL PROJECTS

BMI Calculator (2025)

– **Tools-** Flutter SDK, VS Code

I have worked on creating **Android ios** app named BMI(Body Mass Index) Calculator using Dart programming language in flutter framework.

– It is responsive app where a user can calculate their BMI by inputting their age, height, weight. Also it gives tips to control their unhealthy BMI.

An Evergreen Nursery (2024)

– **Tools-** VsCode, phpMyAdmin, MySQL

In **BCA** final year project, I have worked on creating an Ecommercial responsive website where customer can buy nursery products such as flowers, herbs, plants, pots, fertilizers etc. worked as a part of a collaborative team.

– Designed and developed by using HTML, CSS, programming skills to create user-friendly website. It includes features like form validation and dynamic content loading using JavaScript.
