EXPERIENCE

CTO and IT Head

Kanani Group

17+ years

- Responsible for all existing and new business P&L and driving strong growth through an innovation led business strategy.
- Managing, Developing and uploading of Website.
- Strategic Leadership & Vision
- The CTO ensures that the technology stack doesn't just work, but actually drives the company's competitive advantage.
- **Tech Roadmap:** Aligning technical development with the long-term business goals.
- **Innovation:** Evaluating emerging technologies (like AI, edge computing, or Web3) to see if they provide a "moat" for the business.
- **KPI Management:** Tracking metrics like system uptime, deployment frequency, and R&D spend vs. ROI.
- Technical Architecture & Infrastructure
- While they may not write code daily, they are the final authority on the "big" technical decisions.
- **Stack Selection:** Choosing the languages, frameworks, and cloud providers (AWS, Azure, GCP) that the team will use.
- **Scalability:** Ensuring the architecture can handle 10x or 100x the current user load without a total rewrite.
- **Security & Compliance:** Overseeing data protection, SOC2 compliance, and disaster recovery plans.
- Operational & Team Management
- In many ways, a CTO is a "Chief People Officer" for engineers.
- **Hiring & Retention:** Building a high-performing engineering culture and attracting top-tier talent.
- **Mentorship:** Coaching VPs of Engineering or Lead Devs to grow into leadership roles.
- **Budgeting:** Managing the "burn rate" regarding software licenses, hardware, and headcount.
- External Representation
- The CTO is often the public face of the company's technical prowess.
- **Evangelism:** Speaking at conferences or writing technical blogs to build the company's brand.
- **Sales Support:** Joining high-level sales meetings to reassure enterprise clients about the product's security and stability.
- **Investor Relations:** Explaining the technical "secret sauce" to VCs and stakeholders during funding rounds.
- Backups.
- Expertise in NTBackup and Symantec Backup Exec.
- Manage the network having more than 50 users and more than 7 high availability servers and remote locations ensuring uptime and support.
- Maintain company LAN's and WAN's, including servers, routers, switches and other hardware.
- Network Planning/Implementing/Administration/Monitoring/New Initiatives/Management.
- Managed IT infrastructure projects like collaborator IT setup, data Center setups, Office Setup.
- Ensure network connectivity of all servers and other network appliances by using Monitoring Tools.
- Domain Controller Administration on Microsoft Windows Server 2008.
- DNS, DHCP, Active Directory, Terminal Services, Routing, File Management etc.
- E-mail Server Administration using Equinox Mail Server.
- Training Employees.
- Providing Remote support to International Employees.
- Managing Overall IT Infrastructure.
- Installing and configuring, maintaining LAN, as per organizational requirements, governed by communication protocols.
- Managing overall administration of LAN involving design of network layouts, configuration & maintenance of application servers
- Designing backup strategy & ensuring scheduled / unscheduled backups as per the backup plan.
- Providing support to International Employees.
- Managing Overall IT Infrastructure.

Administrator Cum Programmer plus Networking, system Administration

Smmindia Private limited

- Created Product Crawler and Product engine which has ability to find what you want (<http://www.findoffer.com>) which gave Pattern.
- Created Hutch welcome Visit software which has ability to solve and performed all task of company for at least 21 branches.

POPULAR PROJECTS

Hutch welcome Visit software

smmindia pvt ltd

- Created Hutch welcome Visit software which has ability to solve and performed all task of company for at least 21 branches.
- Engineered a scalable solution for Hutch welcome Visit software, enabling seamless automation of key operational tasks across multiple branches and strengthening organizational workflow consistency.

Create AI Robot

Personal • Advance AI Robot • November 2025 – February 2026

- **AI-Powered Multilingual Humanoid Robot**
- Developed by IT Expert **Nirav Ashoknanand Bhandari** in collaboration with **Engineer Friend**, this advanced robot is a breakthrough in the field of Artificial Intelligence and Robotics. Inspired by the 'Make in India' initiative, it represents the future of indigenous technology.
- **Key Features:**
- **Multilingual Communication:** The robot is equipped with sophisticated AI that allows it to understand and answer questions in **any language**, breaking all linguistic barriers.
- **Advanced AI Integration:** It features cutting-edge Artificial Intelligence technology that is claimed to be ahead of most global AI standards.
- **Versatile Utility:** Designed with a vision to serve various fields, this robot can act as an intelligent assistant, educator, or information hub.
- **Innovative Design:** Built "out of nothing," this humanoid robot is a testament to 20 years of technical expertise in computer programming and ethical hacking.
- "This robot is not just a machine; it is a milestone for the youth in the I.T. field and a symbol of dedication to technological innovation."

Create and managed 500+ Web Projects

Kanani Groups Of Companies (Findoffer Inc, Zantech Solution , Webify Design) • November 2007 – February 2026

- Spearheaded the end-to-end execution of hundreds of web projects, optimizing workflows and consistently delivering solutions aligned with organizational goals and client specifications.

Search Engine Indexing Script

Findoffer INC(Kanani Group) • January 2015 – February 2022

- Develop Powerful Search Indexing Script that allow to Bring Result in 200 Million Data & Give result within seconds.
- Create Powerfull backend Program for manage.
- Engineered a robust search indexing script capable of delivering rapid results across large-scale datasets, supporting seamless backend management for enhanced data retrieval efficiency.

Product Crawler and Product engine

Findoffer INC (Kanani Group) • www.findoffer.com • January 2012 – February 2013

- Created Product Crawler and Product engine which has ability to find what you want (<http://www.findoffer.com>) which gave Pattern.
- Engineered a robust product crawler and search engine that aggregated and analyzed multiple online sources, enhancing discovery capabilities and delivering precise results tailored to user preferences.

EDUCATION

MCA (Post Graduate)

ICFAI UNIVERSITY • 2007

BCA (Graduate)

GUJARAT UNIVERSITY • 2004

SKILLS

Master in Core PHP , Classic ASP , Ajax, MySQL , Digital Marketing , SEO , HTML ,CSS , JAVASCRIPT, JQUERY , AI , PPC , Database Administration, Server Management

MySQL and Database Design, Ethical hacking. Chatgtp Expert

MySQL, Database Design, Ethical hacking and Database Administration. Development MVC Architecture

HTML, CSS, JavaScript PHP Frameworks and ChatGPT Expert

Parallel Plex, server Hosting Management and Designing LAN/MAN/WAN/WIRELESS NETWORKS

While working with smmindia pvt ltd, I had created Hutch welcome Visit software which has ability to solve and performed all task of company for at least 21 branches.

- I have Created Product Crawler and Product engine which has ability to find what you want (<http://www.findoffer.com>) which gave Pattern.
- I successfully get result of 1000 keyword in Google,bing and yahoo so many times for my websites diamondzul, pricepointshop, findoffer and others

My Suitable Positions are CTO , IT Head, IT Manger, Full Stack Developer, Senior PHP Programmer, MYSQL Database Administrator, Senior SEO Manager , Digital Marketing Head Digital marketing Manager, Technical Head, IT Director

Confirm That All Information which I Provided is True as Per My Knowledge. I hoping for a Great Reply.

Regards,
Nirav Ashokanand Bhandari

Association President, Gujarat J.P.C. The event was attended virtually by all judges, the municipal Commissioner, district government pleader Nayan Sukhadwaja, a team of doctors, and office bearers of the Bar Association. This is the second such emergency medical centre in Gujarat, following the one at Ahmedabad City Civil Court.

ment of textile chemistry, faculty of technology and engineering, was led by master's student Jayant Patil under the guidance of department head Bharat H Patel and co-mentor Devang P Panchal. The team claimed they had infused cotton fabric with tulsi, lemongrass, and neem extracts using the pad-dry-cure

Robot maker I T Expert Nirav Bhandari Gujarat gaurav Nirav Ashoknanand Bhandari: An IT Expert and Innovator

Nirav Ashoknanand Bhandari, who has been serving as an I.T. Expert for 20 years, has embraced modern technology and brought renown to the country. He has played a crucial role in the Social Media campaign for the B.J.P. (Bharatiya Janata Party) and in the general elections of 2014, 2019, and 2024. Nirav, who shares an affinity with Prime Minister Shri Narendra Modi, has created something out of nothing. Nirav is working as a specialist in Computer Ethical Hacking and Computer Programming. He has emerged as a milestone for the youth in the I.T. field. Having worked as an I.T. expert in the same company for the last twenty years, Nirav has rejected offers of

high-paying jobs from other companies and overseas opportunities. This loyalty is a testament to his dedication to his Guru and Boss, Shri Hiren Kanani. Narendra Modi has praised Nirav for this kind of dedication. Inspired by the Government of India's 'Make in India' project, he dreams of taking this robot to various fields. Recently, in collaboration with Engineer Sanjay Meghwal, he has created an advanced robot. The specialty of this robot is that it is equipped with the advanced technology of A.I. (Artificial Intelligence) and can answer any question in any language. This robot is equipped with A.I. technology that is ahead of most global A.I. technologies.

Lured with job offer, woman alleges rape by hotel owner in Sarthana

the pretext of a job-related visit and allegedly took her to a room, where he raped her. After the incident, the accused allegedly threatened to defame the victim if she spoke out. As she was leaving the hotel, the accused and his friend, Jashu Patel, reportedly hurled casteist slurs at her and

Fearing for her safety, the victim did not immediately approach the police but lodged a complaint after the accused attempted to pursue her further. An FIR has been registered under BNS sections 64(1), 351(3), and 54, along with relevant provisions of the SC-ST (Prevention of
