PROFILE

Front-End Developer with 2+ years of experience designing and developing responsive, user-friendly websites and web applications. Proficient in React and TypeScript with hands-on experience in building scalable and maintainable UI components. Experienced in working with multiple CMS platforms including WordPress, Webflow, Squarespace, Wix, and Shopify. Strong UI/UX design skills with practical experience using Figma, Adobe Photoshop, and Canva to create engaging designs and interactive prototypes. Passionate about clean code, performance optimization, and delivering high-quality user experiences.

WORK EXPERIENCE

Vidya Online Services Pvt Ltd, Pune November 2024 - Present
UI Developer

- Collaborate with UX/UI designers to convert wireframes and Figma designs into responsive, reusable React components.
- Develop and maintain modern web applications using React.js, TypeScript, and Tailwind CSS.
- Build dynamic UI components and integrate REST APIs to handle real-time data rendering and user interactions.
- Optimize application performance by reducing bundle size, implementing lazy loading, code splitting, and image optimization techniques.
- Write clean, semantic HTML5 and CSS, ensuring cross-browser compatibility and mobile-first responsive design.
- Utilize CSS frameworks and utility-first libraries such as Bootstrap and Tailwind CSS to create scalable and consistent UI designs.
- Basic working knowledge of Laravel, assisting in API consumption, debugging, and understanding backend workflows.

Walstar Technologies Pvt Ltd, Kolhapur September 2023 - 2024
Front-End Developer

- Proficiency in using popular page builder Elementor, Divi, Beaver Builder, GoHighLevel, Bakery Builder to create custom layouts and design.
- Experience with Gutenberg for block-based content editing in WordPress.
- Designing and developing websites using drag-and-drop interfaces.
- Proficient in creating websites with Wix, including template customization and adding functionality through Wix Apps.
- Proficiency in managing content and configurations within WordPress, Webflow and Wix CMS platforms.
