Career Objective:

I am seeking a WordPress Developer role that allows me to further enhance my skills in WordPress, PHP, HTML, CSS, and JavaScript. With hands-on experience in design tools like Figma, Adobe XD, Framer, and Wix, I develop and design modern, user-friendly layouts, bridging the gap between design and development. I can independently create website designs and convert them into pixel-perfect, responsive WordPress websites. I am confident working both independently and collaboratively in a team-oriented environment.

Academic Record:

- I Passed out 10th in 2015 from Divine Buds English School.
- I Passed out 12th in 2017 from Nelson International School.
- I Passed B.com in 2020 from Shree Narayana College of Commerce.
- I have Completed My Graphic Web Design and Web Development course From Arena Animation.
- I have Completed My Digital Marketing course from Ahmedabad school of digital marketing.

Experience:

WordPress Developer – Classicus Infotech

(25th August 2022 – Present)

- Developed and deployed **100+ WordPress websites** across diverse industries including corporate, e-commerce, and education
- Converted Figma, Adobe XD, and Framer designs into **pixel-perfect, responsive WordPress websites**
- Customized and optimized WordPress themes and plugins to meet client-specific requirements
- Implemented dynamic website functionalities using **Custom Post Types (CPT)** and **Advanced Custom Fields (ACF)**
- Improved website performance and reduced load times by up to **40%** through optimization techniques (image compression, caching, code cleanup)
- Ensured **mobile responsiveness and cross-browser compatibility** across all projects

- Built additional solutions using Wix and Framer based on client requirements
- Diagnosed and resolved technical issues, significantly improving overall website stability and user experience
- Collaborated closely with UI/UX designers to bridge the gap between design and development
- Built additional web solutions and prototypes using **Wix and Framer** based on client requirements
- Managed multiple projects simultaneously while maintaining high-quality standards and timely delivery
